

FREE DANISH LESSONS

In corporation with “Blåvand Ho Erhverv” we offer you a unique possibility to become better at Danish. The teaching will take place at **“Blåvand Medborgerhus” every Wednesday from 15.30-17.45** starting on the 25th of October.

We will help you become better at reading, writing and spelling, which will make your possibilities here in Denmark even better. We value an informal atmosphere and try to incorporate the Danish you use during your work in Blåvand.

To learn Danish is a journey and not something you accomplish in a short amount of time. In other words, take it easy, we will get you there. You just need to attend and suddenly you will be good at both reading, writing and spelling. On the first day you will participate in a screening that will show us “where you are”. We will then find the right class at the right level for you.

Meet your teacher!

My name is Inger Karlsmoser.

As a long-standing teacher of Danish, music and drama at Rybner's high school in Esbjerg (cand. mag et art), I have extensive teaching experience with a diverse group of students.

I am passionate about teaching, I thrive on the dynamic that develops between teacher and student/student, and it comes naturally to me to form relationships with those I teach.

I value a safe, respectful, motivating and cheerful teaching environment. A teaching/learning environment where you respect each other's opinions and where there is room to laugh together.

I am looking forward to teaching in Blåvand.
